DEPARTMENT

Re: Truck accident at I-44 & Glenstone
Diesel fuel spill

I received a call at approximately 7:30 p.m. on 9-7-77 from Randy Lyman informing me of the above accident. He had been contacted by the fire department dispatcher. I arrived at the scene at approximately 7:40 p.m. and contacted Fire Captain Gist. He showed me that the leaking fuel was from the cap on one of the saddle tanks on the overturned Peterbilt 359. Around 25 gallons were lost in the roadside ditch and had soaked in by the time I arrived. No action was taken and no one was contacted concerning the spill. The driver, Bobby L. Killian, of Calico Rock, Arkansas, had already been taken to the hospital. The load consisted of Banquet frozen dinners - mostly chicken and dumplings.
